

# A Guide to leaving a Legacy in your will

An orangutan mother will never abandon her baby - your Legacy could in turn, help save her life and ensure her baby is nurtured and cared for.

Caring for an endangered species is a major responsibility. We do it because the alternative - losing this charismatic species that we love - is unthinkable.

**Your gifts make a lasting and extremely significant difference.**

A gift from a generous supporter in their will make a huge difference to what we are able to achieve and legacies form an important part of our income.

Can you help us to secure the future of the orangutan and to remember the cause you and your loved ones are passionate about?

Any gift, no matter how large or small, makes a lasting difference.

Rest assured that whatever gift you leave will be used wisely and effectively.
